A. FIGs

- a. The FIG form revised in 2022, is currently in line with the goals of our Instructional Success Teams. I would like us to review the form so that we have a clear understanding of what is expected of FIGs. At this time, it seems PLC wanted to make a clear committed to ISTs since they were created with SEA 2.0 in mind (our campus's equity plan).
- b. Brief SEA 2.0 Plan Overview
 - i. SEA 2.0 Plan Brief Overview
- c. Review and revise the FIG form. Perhaps creating a form that can be used for requesting PLC funds across the campus. [SD FIG Proposal Invitation Application Form.docx](#)
- d. Topic 1: Support the work of the ISTs by paying folks to do professional learning around DI groups and strategies for eliminating gaps in their disciplines
- e. Topic 2: FIG work. What should PLC prioritize? How will what we prioritize be in line with the campus equity goals?
